DIALOG

CALGARY CENTRAL LIBRARY

Building community connection

Civic & Culture

Designed in association with Snohetta, the Calgary Central Library exemplifies the desire to create a long-lasting, enjoyable, viable resource for the people and guests of Calgary. As the city's largest public investment since the 1988 Olympics, the library signals the beginning of a new chapter in the life of the city, one centered on the creation and innovation of knowledge and culture, rather than the consumption of it.

The new building provides spaces for all types of people and activities—for social interaction and exchange, for studying and learning, for quiet and introspection—championing the unique civic function that libraries provide today.
